

Finishing Requirements

1. Remove burrs and chamfer sharp corners.
2. No scratches, abrasions, or other visual surface defects on outer surfaces, internal surfaces may retain some machining marks.
3. For unmarked dimensions assume the values in the 3D model.

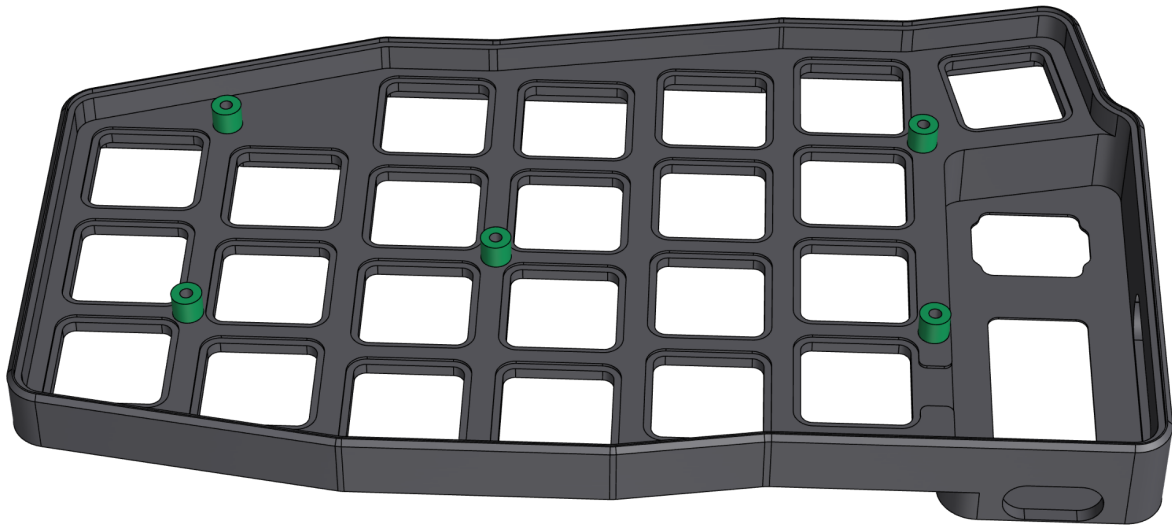

Screw Mounting Hole Specifications

Mounting Post Outside Diameter: 4mm +/- 0.1mm

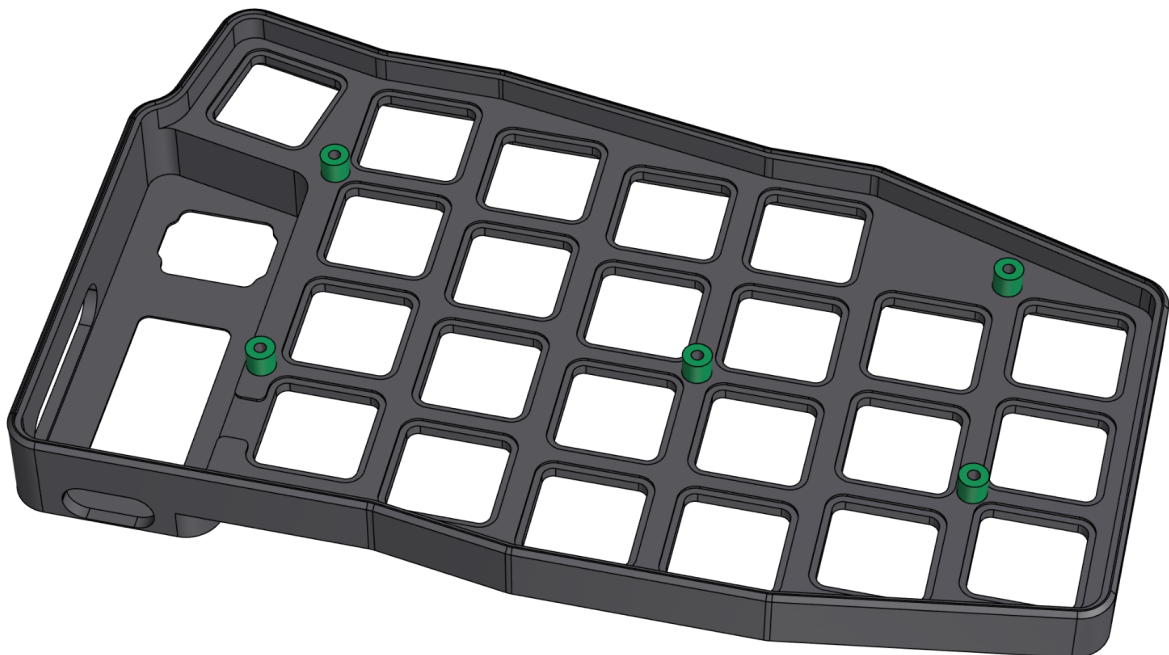

Hole Depth: 4.6mm

Thread Type: M2

Thread Depth: 3.6mm
